# FOREX

## FOREIGN CURRENCIES EXCHANGE

# 1- Before We Begin

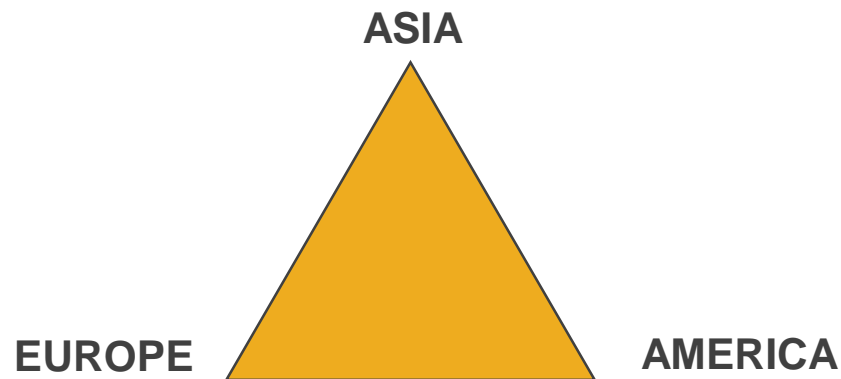

# What is FOREX?

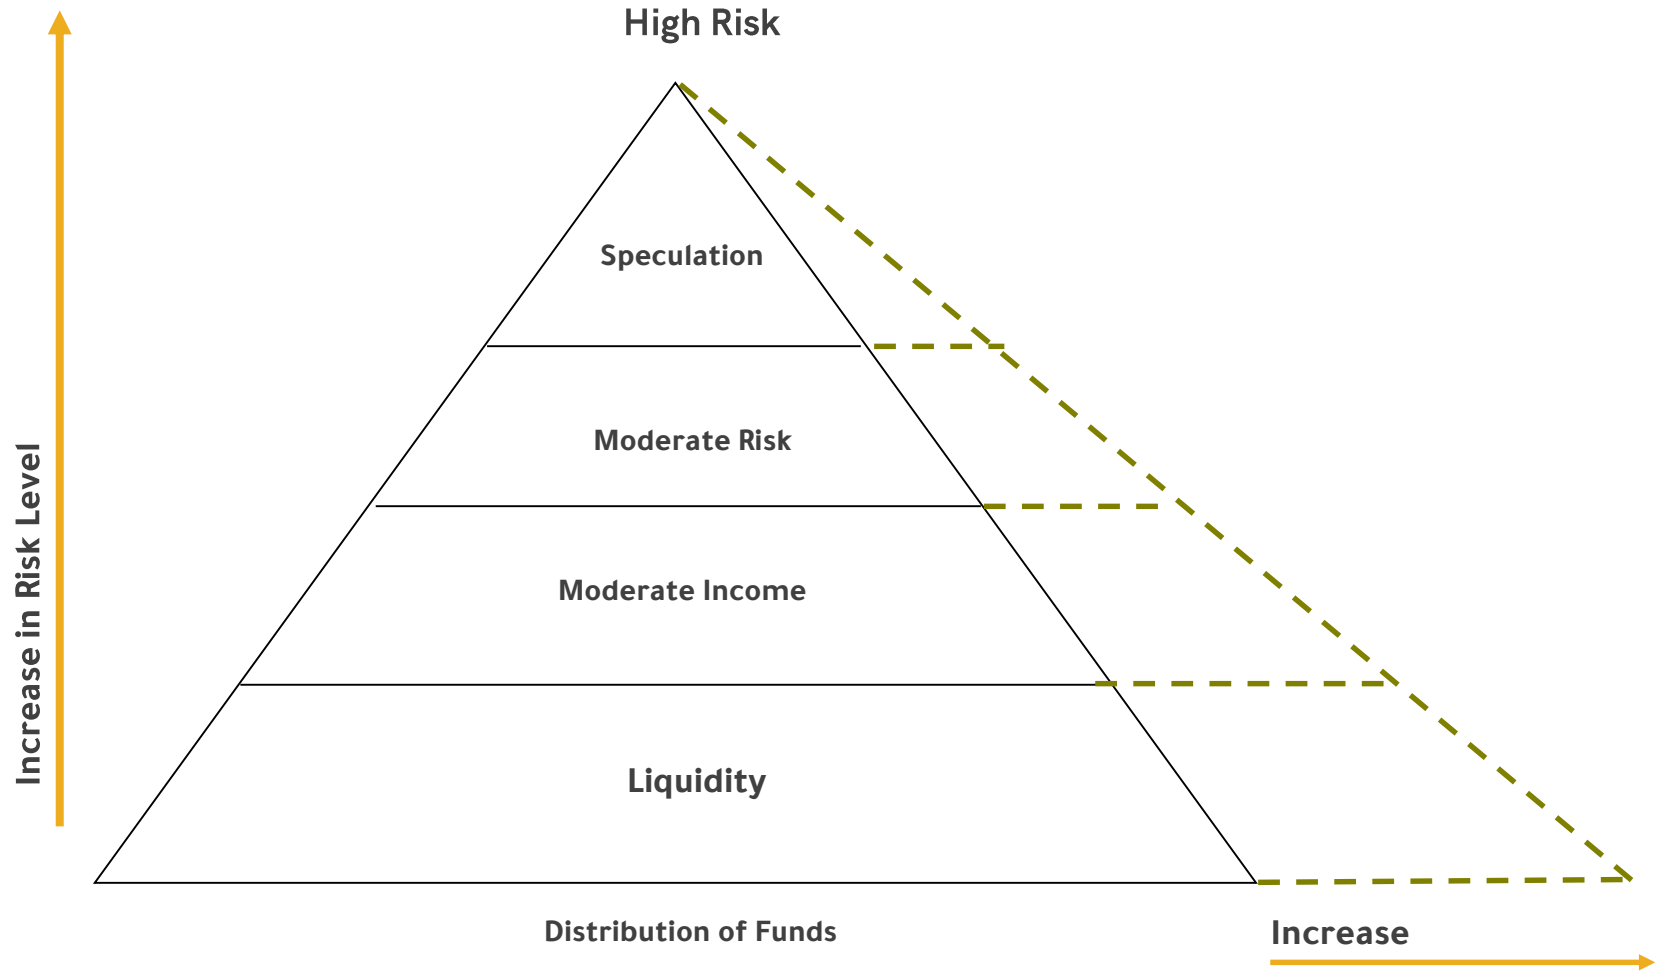

FOREIGN EXCHANGE or FX is the largest, most liquid market, with the sum of \$5 trillion daily turnover rate user friendly software with electronic trading 24 hour per day - 5 days a week using friendly software with high leverage and high liquidity providing easy entry / exit.

Exchanging one currency for another established in 1971 when US went off gold standard, where main traders are the Central Banks, Financial Institutions, Exporters / Importers and big investors.

Also called the spot market, starting from Asia, Europe, America, forming the shape of a Golden Triangle.
